Chip,

I am available tomorrow afternoon after Dana's call if that is a better time.

-Jennifer

Subject: Riparian Areas - Next Steps Conference call Tuesday

Last week we set aside Tuesday AM for a possible meeting to discuss/develop/identify the data gaps for the riparian areas. We'd like to change the meeting to a conference call. We still need to pull together some info and have some discussion on the approach before we meet to figure out sample numbers/locations. We are proposing to have a call from 10:00am - 11:30 tomorrow (Tues the 24th) morning. Another option would be to tag onto the end of Dana's call @ 1pm (If Jennifer is available in the afternoon).

If you're interested participating in this call, please let me know which time works. We will likely have a subgroup move this forward for review by the rest of the group, but need to focus our efforts before we dive into it.
